61(83)850 ccm

General Information:

This Monza has a flawless history. For many years, our MV was owned by a senior engineer who worked for MV Agusta. Then the machine came to Germany, where the MV was part of a MV AGUSTA collection. The collector has driven his MV regularly and maintained the machine. For this reason, we can offer our Monza with the uprated engine in good condition. It is worth mentioning that this MV Agusta has excellent original conditions.
