General Information:

Zündapp produced the K500 for seven years. At the turn of 1934, the model was updated, with engine power increased by 3 PS. This robust yet attractive Zündapp has a 4-speed gearbox and weighs 180 kg. It was capable of a top speed of approximately 100 km/h. Ultimately, the K 500 was regarded as robust and reliable. Our K 500 has French registration documents. Naturally, we can also arrange for German registration. In recent years, the Zündapp has been part of a discerning Zündapp motorcycle collection.
