General Information:

A beautiful collectors item, because the BMW was not driven in rainy weather. The German first delivery comes from first hand and has been regularly driven in fine weather in recent years. The BMW was ordered on 12.06.1998 and registered on 11.09.1998. The order placed at that time and the corresponding invoice are available. The service booklet shows that service work was carried out irregularly. Oil service and brake fluid changes were carried out several times. The accident-free BMW is a non-smoking vehicle. Various TüV reports and the service booklet document the low mileage. The BMW comes from 1st hand. Apart from the renewed tyres, the Z3 is in its original condition.
