General Information:

The Zigolo was manufactured between 1953 and 1966. The early models had a 98 cc engine until 1958. Originally, the Zigolo was sold without chrome parts. Even the handlebars were painted grey. In 1954, the Turismo was introduced as part of a model update. Our restored Zigolo is in very good original condition. Technical details include a kerb weight of 75 kg and a top speed of almost 80 km/h, 3-speed foot shift, fuel tank with a capacity of 13.5 litres, horizontal single-cylinder two-stroke engine.
