General Information:

Only 1908 Benelli 900 Sei were built in 3 series. Our 900 Sei comes from the 3rd series. 373 vehicles were built in the 3rd series. Unlike the first two series, changes to the cockpit fairing with a rectangular headlight were now offered. A black exhaust system, two-tone paintwork and a grab handle at the rear rounded off the modernised design. Our Benelli 900 Sei is a special example because the 6-cylinder engine has never been driven. Fortunately, the original on-board tools are still there too. Of course, this Benelli 900 Sei has the special feature of a duplex chain.
