General Information:

**Perhaps you feel the same way I do, because I did not have a Commando on my list in the 1970s. That was probably more in line with the motto ?What the farmer does not know, he does not eat?. Because a Commando is a classic bike that is simply fun to drive. A beautiful original appearance and good technical condition are already ?half the battle?, and if it still has left-hand drive, then it is a ?done deal?.**
