General Information:

Victoria Werke in Nuremberg marketed the Aero as an elegantly designed, tried-and-tested touring motorbike for a refined riding experience. We are able to offer our KR complete with the original vehicle registration document from 1950, an original owner's manual and original promotional material. Our Aero has a 4-speed foot-operated gearbox and weighs 133 kg ready to ride. The fuel tank has a capacity of 12.5 litres, giving it a range of over 300 km. In recent years, the Victoria has been part of a discerning Victoria collection.
