1982

Frame Number:

DM900SD9528XX

Mileage:

12.457 km

KW (HP) ccm:

50(68)864 ccm

Price:

on request

General Information:

The 900 SD Darmah was designed by Leopoldo Tartarini. Designed as a touring bike, the Darmah reached speeds of almost 200 km/h. A total of 5,598 900 SD models were built. Our Darmah is from the final model year, 1982, and is one of the last 200 900 SDs to be built. The chassis number and engine number correspond to the model year, meaning it is a matching numbers bike. The Ducati 900 SD Darmah is in excellent condition.
