From the point of view of Kawasaki, the vehicle designation is derived from the earlier milestones in motorcycle motorbike development at Kawasaki. We are therefore delighted to be able to offer this First Edition H2, because over the past decades we have traded the Kawasaki milestones. With the Ninja H2, Kawasaki has continuously grown expertise in the construction of motorbikes by construction of a high-end product. Our Ninja H2 is in a first-class first-class technical and visual condition. In addition to the certificate the German vehicle registration document with two entries and all other documents round off this special collectors item**
