General Information:

Together with Hotfiel KFZ Technik from Kirchlengern, we exhibited vehicles at Techno Classica. Following the positive response to the Porsche 356 A 1600 Speedster, we decided to present this first-class car to my clientele as well. The polyantha red colour (code 5902) arouses initial interest, and upon closer inspection, the high-quality paintwork becomes apparent. The Rudge rims, glass hardtop and obviously expert restoration promise decades of enjoyment with this Speedster. If you are interested in this Porsche, we would be happy to provide you with our detailed vehicle analysis. We and our friends at Hotfiel Kfz Technik are of course at your disposal.
