5.133 km

KW (HP) ccm:

82(111)1962ccm

Price:

on request

General Information:

We are delighted to offer you a Harley-Davidson FLSTFB Fat Boy Custom ? one owner, German delivery. In June of this year, a fresh service was carried out at an official Harley-Davidson dealer.

The special feature of this motorcycle is the Screamin Eagle Pro SE120R engine with 111 hp and 1,962 cc, which is registered in the German vehicle documents ? an extremely rare and impressive configuration. In combination with the Kesstech exhaust system, it produces a sound that is guaranteed to give you goosebumps and makes every ride an experience.

Visually, the Fat Boy impresses with its modified rear end and customised handlebar. Despite these tasteful customisations, all original parts are still present and included in our offer.
