General Information:

The Benelli 900 Sei comes from Italy and has been partially restored by us. Our first step was to overhaul the clutch. Then, luckily, we were able to find a very good Marving exhaust system. To ensure that the beautiful sound can be enjoyed in a relaxed manner, we installed a modern ignition system. With its overhauled brake system, new IKON shock absorbers, new tyres and new battery, this beautiful Benelli is ready for a buyer who wants to experience the De Tomaso era at Benelli and enjoy the magnificent sound of the 6-cylinder engine. German vehicle documents are already in existence.
