General Information:

Only 700 units of the 998 S FE Final Edition were built. This model marked the end of a model series that also included the 916 and 996. The Testastretta engine installed in our model contributed to the creation of this outstanding sports machine. We have installed the ideal clutch from TSS. In November 2025, a complete service including timing belt replacement and new tyres was carried out. German vehicle documents are available.
