General Information:

With the Z650, Kawasaki launched the little sister of the Z900 RS in 2022. The Z650RS is one of the so-called retro bikes of the 70s. The built-in parallel twin is considered to be powerful in the lower and middle speed range. Compared to the four-cylinder model of that time, the weight of the RS has been reduced by 24 kg. Our RS has low mileage and is therefore in very good condition. German vehicle documents are available.
