General Information:

The K25 was launched in 2008 as the R 1200 GS. With a weight reduction of around 30 kg and increased engine power, the new model was an instant success. Our Rallye was a limited-edition special model from 2012 and is in first-class condition. ESA, ASC, RDC, on-board computer, pannier mounts, cylinder guards, white LED indicators and a tank bag with low mileage meet the requirements of an original collectors item or a well-balanced BMW R 1200 GS. It would be advisable to have a fresh service carried out with new tyres.
