11-50

First Registration:

1938

Frame Number:

M819XX

Mileage:

1.780 km

KW (HP) ccm:

22(30)1.096 ccm

Price:

145.000 EUR VAT not separate identificationable

General Information:

In 1938, Brough Superior completed the development of the plunger frame, and our 11-50 is one of the first motorcycles to have been delivered with this suspension system. A maximum of 10 Brough 11-50s were ever built with plunger suspension. The first-class quality of this Brough is complemented by a full restoration of the chassis and engine. A glance at the works record card confirms that we are dealing with matching numbers. This first-class collector's item has been admired and awarded prizes at various events in recent years. We will deliver the Brough Superior ready to ride. We have german registration papers.
