General Information:

A Ferrari with a remarkable sound and timeless design is always a good choice. Our F430 also retains its value well. The F430 has German registration documents and was imported from Italy in 2011. The original service booklet, tools, and maintenance records are included.

The last service was performed at 50,985 km. During this service, an oil change was performed and four new tires were installed.

The Ferrari had one previous owner in Italy and four in Germany. We were informed by the previous owner that the Ferrari had no accident damage.

The vehicle shows some minor signs of wear and tear. This includes the rear diffuser and the rims. The interior exhibits the typical issues with rubberized parts. Except for the wheel spacers and the engine oil cap, the car is in its original condition.
