General Information:

Our Telaio Rosso was produced in Mandello del Lario in 1972. On 29 September 1999, Moto Guzzi S.p.A. issued a certificate confirming that this V7 SPORT Telaio Rosso is an original Moto Guzzi. Over the past decades, our Sport has been maintained by experts who were committed to preserving the highest possible degree of originality. According to our records, only 150 units were built with the lightweight chrome-molybdenum frame. This small series was fitted with a special engine, the specifications of which can also be found in our V7 Sport. What was then the flagship model of the Moto Guzzi brand has been a sought-after collectors item for many decades. We are delighted to be able to offer an example that meets the highest standards.
