General Information:

This beautiful classic bike from NSU Motorradwerke is essentially based on the pre-war design of the 251 OSL. In 1950, this model range underwent a number of changes. These included a chrome-plated fuel tank, modern handlebar fittings, improvements to the electrical system and modifications to the engine. Our 251 OSL is in very fine condition and has been part of an NSU collection for the past few years.
