1973

Frame Number:
DM350D 4004XX

Mileage:
880 km

KW (HP) ccm:
17(23)340 ccm

Price:
14.800 EUR VAT not separate identificationable

General Information:

World-renowned engineer Fabio Taglioni played a key role in the development of the Ducati 350 Desmo, while Leopoldo Tartarini was primarily responsible for its design. Featuring desmodromic valve control, the engine is intricately engineered. Its timeless design has further cemented the 350 Desmo?s status as a classic among single-cylinder motorcycles. We have a small photo documentary of the restoration process.
